2 Match between system and the real world

02 Match between system and the real world

- Problem found

The name of the menu option "Game Plays" is quite confusing and

unfamiliar.

- Solution
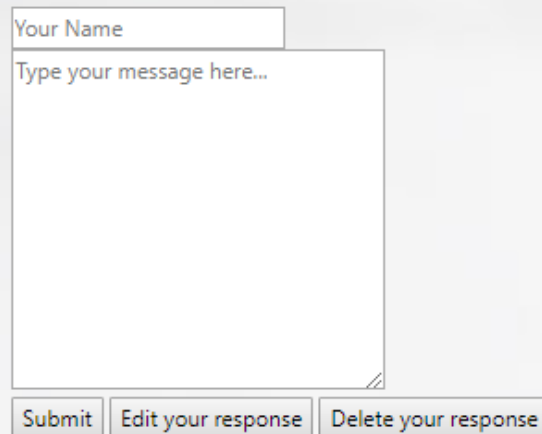

Rename "Game Plays" to "Watch"

3 User control and freedom

03 User control and freedom

- Problem found

In the page "Contact", there is no option for the user to edit or

delete their responses

- Solution

Add "Edit your response" and "Delete your response" options

4 Consistency and standards

04 Consistency and standards

- Problem found

Not all pages of the site are made with RWD (Responsive Web Design)

- Solution

Apply the Bootstrap framework for all the pages

- Problem found

Contents of pages are inconsistent in terms of typeface

- Solution

Correct the typeface of the pages

5 Error prevention

05 Error prevention

- Problem found

In the page "Contact", there is no popup confirmation available

when clicking the "Submit" button

- Solution

Add a confirmation alert that pops up whenever the user clicks the

"Submit" button

6 Recognition rather than recall

06 Recognition rather than recall

- Problem found

In the page "Game Plays", none of the videos has a title
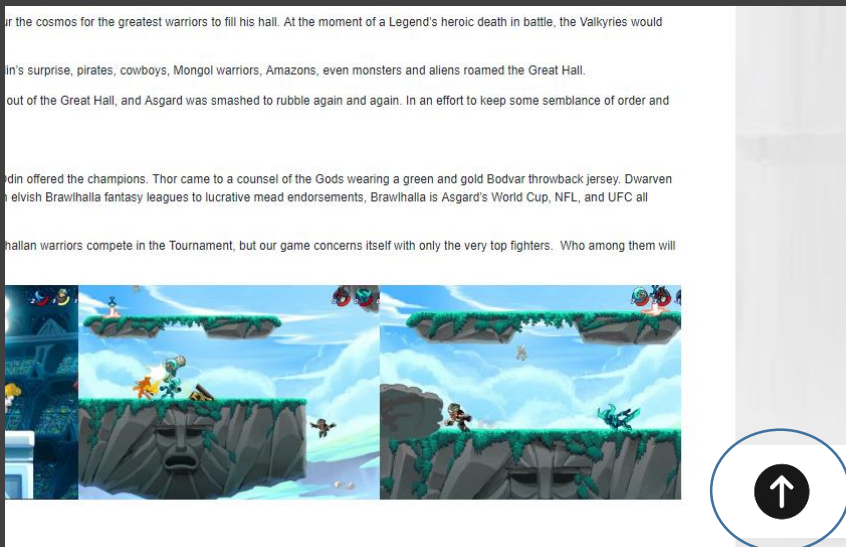

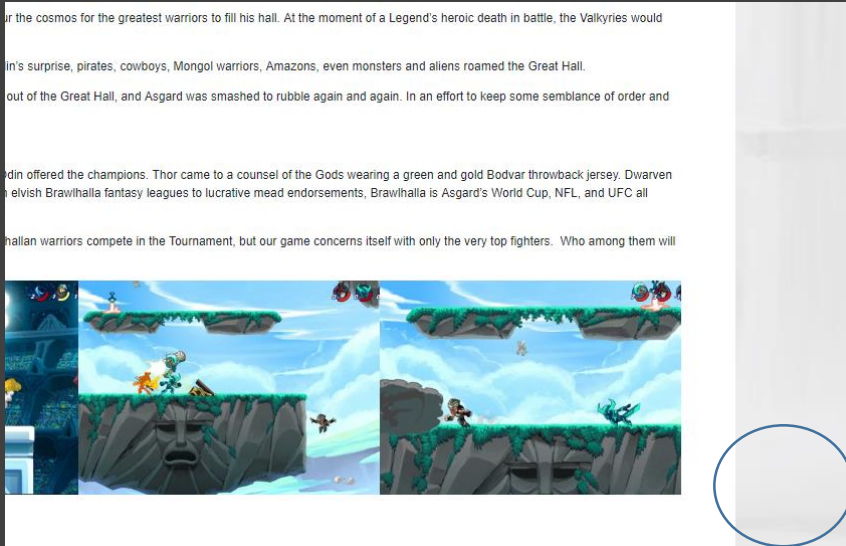

- Solution

Add titles for the videos

7 Flexibility and efficiency of use

07 Flexibility and efficiency of use

- Problem found

The site does not support "Back to Top" ability

- Solution

Add a back-to-top button that appears whenever the user scrolls

down
